

# ELEMENTARY CAMPS (6-11 YRS. OLD)

**JUNE 03  
THROUGH  
JULY 26**

While each week explores a different focus, the Elementary Care students will be challenged to think outside the box as they use critical and creative thinking skills to solve problems and discover new possibilities. The Elementary Care is designed to build on the children's ideas and culminate a project by the end of the week.

## June 3rd - 7th: GREAT EXPLORERS CAMP

Get ready to learn about some great explorers from the 5 past, take a great adventure of your own, re-enact history, and sharpen your navigation and survival skills in our big back yard!

## June 10th - 14th: IT'S SHOWTIME AT BAMBINI!

Get ready to dive into the performing arts! Learn how to write a screen play, commercial, or music video! In this camp, children will learn many skills to express themselves while fine tuning their literacy and communication skills, as well as their acting and improv talent!

## June 17th - 21st: FORENSIC INVESTIGATORS

Campers will work together in collaborative forensic teams to figure out the gold thief's identity. Using evidence collected at the scene, students will practice techniques from soil and mineral analysis, document analysis, fabric and fiber analysis, blood analysis, fingerprint analysis, and hair analysis to solve the crime.

## June 24th - 28th: WATER OLYMPICS

Be prepared to get super soaking wet in this week's Water Olympics! Students will cool off and compete as they enjoy water games and obstacle courses!

## July 1st - 3rd: ROBOTICS & ENGINEERING

Build and program robots using complete robotics engineering systems! Students will explore sensors, motors, core controllers, and hundreds of snap-together building pieces to engineer a fully functioning robot!  
(3FD \$195 / 3HD \$120)

## July 8th - 12th: OPEN STUDIO ART

It is time to unleash your artistic expression & build your creative confidence in this week's Open Studio Art Week! Young Artists will be exploring painting, sculpting, beading, printmaking, clay, drawing, and so much more!

## July 15th - 19th: MAD SCIENTISTS

This week can make any scientist go mad! Make chemical reactions, new scientific discoveries, and hair raising experiments!

## July 22th - 26th: MASTER LEGO BUILDERS

Master Lego Builder's week exposes students to the endless possibilities of using their imagination and creativity brick by brick!

SUMMER LEARNING LOSS IS THE LOSS OF ACADEMIC SKILLS OR KNOWLEDGE OVER THE COURSE OF SUMMER. FOR OVER A CENTURY, SCHOLARS HAVE RECOGNIZED THAT SUMMER VACATION IS A PERIOD WHEN STUDENTS' RATE OF ACADEMIC DEVELOPMENT DECLINES RELATIVE TO THE SCHOOL YEAR. AT BAMBINI CREATIVI, WE BELIEVE IN CHALLENGING OUR STUDENTS' THINKING THROUGH EXCITING ACADEMIC LEARNING EXPERIENCES AND HANDS-ON OPPORTUNITIES! MAKE THIS AN IMPORT SUMMER OF LEARNING FOR YOUR CHILD!

**ENROLLING
